Friday Jones

From the Throne-Office of His Most Holy REVEREND IVAN STANG April 11, 1 BX

Dear Believers of "Bob":

Ehh... eugh, what? Who dares rouse me from my torpid slumbers? I have been *wallowing* in Slack. *Urp....belch*,

AHHHHhhhhh .Things are GOOD here in Dallas, during these Last Days, dear brothers and sisters. Church Income and Memberships DOUBLED since the arrival of our new business manager, Rev. Jesus Devilacqua, on April 1, 1996. We now employ thrice as many SubGeniuses at the 3rd MegaFisTemple Lodge and SubGenius Manufacturing Plant. We successfully sued numerous Conspiracy companies for illegal use of Dobbsheads, reaping well-deserved \$\$\$.

A copycat cult of dumbasses did something so stupid that traffic to our website rose to 4,000 viewers a day. (About half that many people buy REVELATION X in a whole year.) THE HOUR OF SLACK Radio Ministry went fully nationwide; it can be heard in any city, any country, any time of day; the last 20 episodes are now always available in crystal clear RealAudio-3 format, on most home computers. (Plus several new broadcast stations picked it up.) We just started a new project with Steve Jackson Games: a SubGenius version of the famous Illuminati/New World Order game. We've been preaching, healing and selling swag at some devival, con, parking lot or SRL show every other weekend. I, Stang haven't smoked a cigaret in 4 months -- UNIMAGINABLE!!! NHGH IS BEING FORCED BACK, BACK, BACK!! We are rich, fat and happy. Our enemies, both crackpot and Conspiracy, are systematically being exposed for the sick charlatans they are, and dragged through the streets in humiliation. The One True Way/Word of Dobbs indeed TRIUMPHS over all false prophets! I, Stang will admit to increasing mental instability and daily nervous breakdowns but HECK -- I'm the Sacred Scribe; that's part of my PAY. You'd be a mite skittish too if you had to read some of the mail that WE get, NOW, in these End Times.

This IS a special year, for the Church and for the planet. This is the last year on which there will be a July 6. This is the last year to host an August. There will never be another September after 1997's. 1997 will bring The Last Christmas, and The Final New Year's Party. (Hmmm.... yessss.... possibilities aplenty there...) Thus it is the Dobbs-bound DUTY, yes, I say DUTY, of EVERY SUBGENIUS, to CELEBRATE WILDLY, EVERY DAY AFTER JULY 5

1997, for every day shall be The Last of That Day.

SLAMMING HEAVEN'S GATE

"Ma, them kids, them SubGeniuses are out there swingin' on the gate to heaven again, they're gonna thow hat thing off its hinges and **NOBODY**!! be able to get through it, and Hell will fill up and the dead will walk the earth and all. Dang them SubGeniuses."

Nensio

OUR FIRST IMPRESSION

When Jesus first heard the news on the radio -- mass suicide of a house full of cult members, all male, all dressed alike, rows of computers, a website full of aliens and saucers -- He was **PRAYING** to His Father (which believe me, He rarely does since He was **DISOWNED**) that when the cops lifted those purple shrouds, they'd find everyone wearing Dobbshead t-shirts.

Much as we like to keep up with the Joneses, we wouldn't even bother to **SPIKE THE KOOL-AID** for less than 1,000 servings. These **BRILLIANT OCCULTISTS**, on the other hand... oh, they didn't think Dobbs' revealed **PROPHECY** was **GOOD** enough for 'em! Thought his **LAST NAME** was 3 letters too long! **SHUNNED PRAIRIE SQUID**, **SEX** and **FROP** -- **BUT LOVED HARD**

WORK and **COSMIC SWEETNESS-AND-LIGHT BULLSHIT!!**

Guess they found out the **ONCE-HARD** way what we've been trying to tell people **ALL ALONG**:

THE GREYS ARE NOT YOUR FRIENDS.

DOBBS **PREDICTED** that this comet would **PROVE** that alien attackers were in route to enslave all the non-believers -- who **SHOULD INDEED** kill themselves to escape gruesome torture! And of course, this "Higher Source" was specifically mentioned in the prediction. But those **GENIUSES** thought they were gonna get to **BECOME GREYS!** They actually **WANTED** to! That's like **WANTING** to become a **BUG!**

We're waiting for the saucers, too -- but, as Dr. Legume put it, we're happy to wait at the corner for the

bus, jingling our quarters in our pockets; we don't feel we have to **JUMP OUT INTO THE PATH OF THE ONCOMING BUS.**

Certainly, we'll all shed our containers in 450 some-odd days, but when the Pink Media Vampires find **OUR** meat shells, it'll be more like, "The 39,000 bodies were all wearing Timex wristwatches, Reeboks shoes, Levis jeans... each had an unopened pack of Camel Lights cigarets and was clutching an empty Dr. Pepper can. Dr. Grabow Pipes were clenched in each dead jaw, and Smith and Wesson revolvers had to be pried out of all of their cold dead fingers."

But, seriously -- **IF**, at the X-Day Drill, we suggest that everyone **LAY DOWN** in a giant star pattern in the field, and put these **CLOTHS** over your heads and just, oh, take a **NAP**, don't worry, and don't get all excited if you hear strange noises. We might film another one of those funny fake "Bobbies execution scenes" for the 700 Club, like we did last year.

THE CULT THAT MAKES HEAVEN'S GATE LOOK HARMLESS

But, SERIOUSLY -- sure, we're mockers, and are guilty of making callous fun of the 39 dead geeks. Their farewell statements on video, however, beg us not to make a big deal out of how "tragic" it all is -- they went not only willingly, but eagerly. It has ALWAYS been the MISSION of "BOB'S" Church to get you to the punchline ALIVE, and we don't mean the JONESTOWN punch line, and in so doing, OH yeah, we make fun. But...

More disgusting than mockers like us, or dumbasses like them, are the pompous, pious Pink pundits who oozed out of every op-ed page or talk show, indulging in a veritable orgy of self-congratulation about how sane and normal THEY AND THEIR "GOOD" RELIGION are. "Well, SOME will blame the Internet, but of course the real cause is the breakdown of family values, blah blah woof woof..."

The biggest difference between Heaven's Gate and mainstream Christianity is that the Heaven's Gate people never tried to brainwash my kids.

They stayed out of my face. If you were INTERESTED, you could look them up on the Web. They didn't feel the need to take over a dozen radio and TV stations in Dallas. They didn't have entire cable networks devoted to their particular superstition. So they shunned sex. Millions of Christians (called "nuns," "priests" and "losers") are the same way. So 39 of them killed themselves. At least they didn't kill millions of nonbelievers, witches, Jews; Gypsies, freethinkers, and SubGeniuses. So the cultists think some spaceship full of gods is gonna save them! Christians, Jews, Muslims and most everybody else believe in an invisible monster that will grant your wishes if you kiss Its Almighty Invisible Ass.

And why do they believe all this? Because they read it in a book, or some REALLY SINCERE PERSON told them about it.

But just LISTEN to the Pinks drone on and on and on about those poor "deluded" cultists, as if they themselves were somehow ANY DIFFERENT. I'm not talking about Christian nuts like Bob Larson and Jerry Falwell; you expect it from clowns like them. I hardly need to comment on PAT ROBERTSON playing with little pumpkins on the 700 club and talking about how SILLY those cultists are. I'm talking about your standard everyday middle of the road commentator, your letters-to-the-editor writer, your average good American god-fearing religious hypocrite. They are every JOT AND TITTLE as vain and silly as Do and his followers, have caused INFINITELY more trouble, but now we have to put up with their condescending anti-"cult" garbage every time we check the news.

And ALL IT BOILS DOWN TO is, "See, my invisible monster was bigger than YOUR invisible monster, nyah nyah, my invisible monster didn't kill me, he's a GOOD invisible monster, and ALL the rest of us NORMAL people believe in OUR invisible monster, nyah nyah nyah nyah..."

The cultists made me sick, but the Normals make me much sicker. As fucked up as those Heaven's Gate idiots were, oftimes I think I'd rather be a DEAD WEIRDO than a LIVE NORMAL.

Praise "HERFF!"

Praise <H-REF>!!

JANOR'S NEW CULT BLOWS IT!

Janor Hypercleats, aka "Father John R. Harperclotts", previously of The Temple of Yes and The Bleeding Head of Arnold Palmer Launcher's Society, vanished today after talking 38 people into giving him a dollar and then committing suicide. The group members apparently died in the belief that a UFO, shielded behind a comet, would take them to heaven to escape the sound of Hypercleats's voice. Lt. Friday Legume of the San Diego County Sheriff's Department told CNN, "They had little speakers chained around their necks and tapes of this man's voice were emitting loudly from them."

Palmer Bevilacqua, a lawyer for the owner of the house, was quoted by local TV stations as saying "that they were going to be taken away by, as odd as this sounds, I'm just telling you what I heard, by a UFO, that a UFO would come by and pick them up." He said the pre-suicide videotapes showed the excited next stage, voice of victims "were quite jovial and about moving on to this this stage" 'hout the Father Joh R."

SECRETS OF THE HALE-BOPP COMET

by Prof. Kronovor LycanthropeSkruuton
University, Memphis, Ancient History
Department

Dear Sirs:

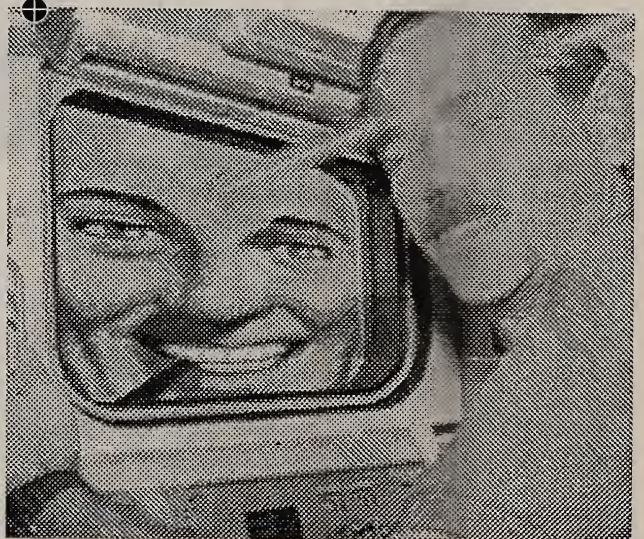

As per my constituents' recommendation, I am sending this information to you; for my colleagues suggested that you would be able to most effectively use this information. I am Prof. Lycanthrope of Skruuton University in Memphis, professor of anthropology and researcher of etymology. I had recieved a telephone call from one of my colleagues (Dr. Jameston) from the astrophysics department in reference to the comet known as the Hale-Bopp comet, which has a trajectory route approaching the Earth coming in close proximity to our planet. He went on to explain that many astronomers had identified two distinct masses within the struture of the comet -- the coma itself, and an unidentified mass within the external mass of the comet, which, recently, had been indentified as a possible unidentified flying object. Not only does this secondary object exhibit characteristics of an alleged UFO, but is

Sternodex

emitting a radio signal in the Ku band of transmission, which contains a signal too distinct and too complex to be naturally occurring, as is known in such structures as neutron stars and pulsars. It is with this information that I set about an experiment to recieve and decode the sequence on December 1, 1996. I gathered up the essential equipment to construct a simple Ku band reciever-parts from seven microwaves, a 720-a3 digital capacitance regulator, several vacuum tubes, a Peavey 300 watt bass amplifier, 3 whiskey bottles, and the hood ornament from a 1957 Chevrolet. Upon the construction of this device, I calculated that the antenna of the device would cost far more that I could afford, so I had to use my own body for this reception device. I stripped down naked and smeared my body with peach preserves in order to increase the receptivity of the device. I screamed the Gregorian Chant backwards three times (in order to clear my mind), turned the machine on, activated the recorder, and ascended to the roof. I recorded on a two hour videotape the transmission, and when finished, I showered and took the recording to Dr. Jameston and Dr. Marx (elecronic engineering) for a translation. The actual signal was only 35.36 seconds long, and repeated over and over, and the transmission broadcast in base 46 code. This was taken down in symbology, at which time I began researching all known languages and language structures, and found that it was in the language of Umm Dabaghiyah, a culture predating the Sumerians by 700 years, and possibly not written by the known human species. The translation took me 3 hours to translate, and I can not divine as to what purpose it serves: this is why I sent it to you, for it was suggested to me that you would understand its meaning.

Hail, O Dobbs, the manifestation of Bob who is [jay-arr]the keeper of the [unakka'iti] toy five pronged originated by [ma'a]. The contract was and is being viewed and now approved is mostly. Some factors need to be [increased (expounded)] that dwell [in the contract], for Enki-6, who is JHVH-1, who speaks as Wotan, views the [k'nat (possibly subheading?)] Act Of God as the domain possessed of him, and within his domain. The day of arrival from [x] is and will be [Tammuz 11, 5758(July 5, 1998)] as said before in the contract previous. Contract new must be [lekhocho] before the date of arrival. The Goddesses of Sex(?) wish that message their you will give to [stang(?)] that [joe(?)] is welcome upon the [laatrokha] vessels with no amount of currency exchanged unto us, for his music gives them much throbbing and spasming. Enki-6 and [N'nngnr] hold their [akhnakku]sticks unto you in hail
End of transmission.

If you can understand this message, you are welcome to it. I thank you for your time.

EVEN BETTER THAN THE DAY YOU FIRST FOUND "BOB"!!!

THIS DRILL WILL MAKE LAST YEAR'S DRILL LOOK LIKE A CHRISTIAN BARBECUE, BECAUSE THIS YEAR WE WILL **BARBECUE CHRISTIANS** FOR REAL!!! THERE WILL BE PUMPKINS FILLED WITH TOOTHLESS, DECLAWED **SQUIRRELS TO FUCK**, WIRE-CAGE HELMETS FILLED WITH **FACE-FUCKING BATS**, **NAKED SUBGENIUS BABES** LOUNGING IN POOLS OF LIVING JELLO, GIANT VAGINAS THAT WILL SWALLOW YOU WHOLE AND THEN REGURGITATE YOU. THERE WILL BE **FREE SURGERY** BY NOTED SUBGENIUS DOCKTORS, **FREE NUCLEAR BEER** SUPPLIED BY ST@NDREW OF CHICAGO. **FREE BLOWJOBS** FROM WHOEVER WANTS TO GIVE ONE.

SHITFIRE, BROTHERS AND SISTERS, THAT ALONE WILL MAKE IT WORTH THE TRIP... BUT THAT'S NOT ALL!!! XXXXXXXXXXXXXXXXXXXXX **LEGUME OUT**

NONE MAY STOP US --and NONE MAY ESCAPE ONCE THE GATE CLOSES!!

ALL-HELL DOKTORBANDS! STEEL CAGE GRUDGE MATCH TAG TEAM PREACHING ROUND THE CLOCK! The stage and the audience will be DESTROYED TOGETHER and there will BE NO DIFFERENCE! The earth will open up and swallow ALL attendees!! FINALLY -- More Teats than Suckers of the Teat! We expect triple last year's attendance, now that everybody knows we REALLY DO hold the Nude Baptisms, Public Prairie Squid Love Show, Scourging of Jesus and Crucifixion/Burning of Dobbs, etc. Last time, we delivered EVEN THE OUTRAGEOUS SHIT WE PROMISED!! (Lurid photographic proof of last year's X-Day Drill debauchery can be viewed at <http://www.subgenius.com> -- full accounting of all acts of unnatural companionship.)

This isn't the sleazy poebucker set-up that The Pink Inside You fears. Brushwood is COMFORTABLE --

the site of frequent drumming and dance festivals, 180 lush clothing-optional acres of rolling hills and majestic woodlands, with indoor hot showers, flush toilets, a roofed swimming pool and hot-tub area, a giant pavillion for devivals, and enough electrical power to keep **TEN THOUSAND DOKTORBANDS CRANKING OUT THE HITS USING ALL THEIR EQUIPMENT, WHILE BREATHING CHURCH AIR, AND PERFORMING NASAL SEX, STARK NAKED, RIGHT THERE IN FRONT OF EVERYBODY, ALL NIGHT LONG!!** The situation is SECURE. We will have our OWN "police." The folks who run the site, and the town nearby, are COOL with "BOB"! THIS IS THE PERFECT PLACE to PRACTICE and DRILL for the UTTER MOUTH-WATERING SLACK we'll be FORCED to undergo come 1998!!

Fig. 1: Slack from space is amplified as it passes thru The Dobbshead; only 35% of this Slack is properly utilized. A rarely seen "inverted" Dobbshead is visible.

Fernandinande

FINALLY... you'll "Have Intercourse With A Beautiful Live Girl -- Or Damn Near Anything Else!"

Defeat the Conspiracy. Become the Conspiracy. FUCK the Conspiracy. We shall pound our FLESH one upon the other, and it will be SWEET SWEET MUSIC unto "BOB"! All that can be fucked, shall be fucked, until only the unfuckable remains. And then we'll fuck THAT!! We'll fuck the color blue, the moon, the smell of a daisy! You will see and experience things that may SHOCK you... that may even PERMANENTLY TRAUMATIZE and SCAR you. That's OKAY; it's all part of Dobbs' UNDERPLAN.

WE WILL SUMMON THE XISTS!!!!

"There was no other church like it. Nowhere else could members indulge in such limitless sexual abandon. And no other church ministers advanced such liberal theories on love as a cover-up for their members' unbridled lusts."

"But the church's operators were out for more than money. They played at being gods, testing their shocking sex theories on countless jaded couples. If they were exposed, it would mean disaster for all of them. But if they succeeded, countless marriages would be saved through programmed adultery!"

DIRECTIONS:

Buy a map, locate Sherman NY.

BRUSHWOOD is just outside the village of Sherman in southwestern New York state, an hour from the Erie airport and about 2.5 hours' drive from Cleveland or Buffalo. It's off Rte. 17, west of Chautauqua Lake in the southwestern part of the state, at the very tip, where it's reaching for and almost touching Ohio. 430 runs through it; 76 crosses through it, Rt.17 also.

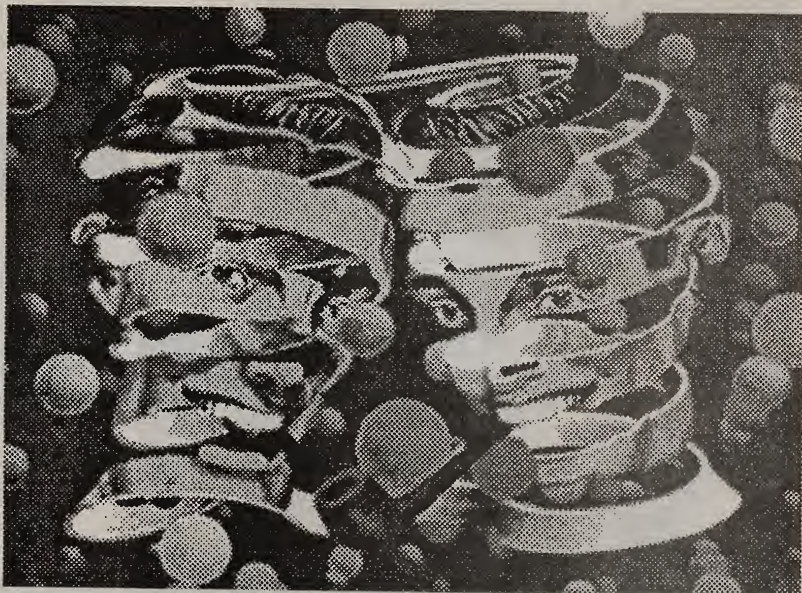

Go to Sherman.

Sherman's only one block long. Main Street = 430. Go to the west end of Main (Ford dealer on the corner) and turn south onto Co.Rd. 15. Take 3 miles to first 4-way intersection, which is Bailey Hill Road. Turn right (west) on Bailey Hill and go 1 mile. Brushwood is on the left, with a sign. If you get lost, you can call Brushwood at (716) 761-6750.

WHAT TO BRING:

This is a semi-developed camping facility (no RV hookups). Bring EVERYTHING YOU'LL NEED. NO ONE WILL BABYSIT YOU. There may be food for sale at the site, but there may not. Bring tent, sleeping bag, flashlight, food, cookstoves, first aid. (The water there is fine.) Nights can be VERY COLD even in July, so bring warm stuff. NO PETS OF ANY KIND.

OTHER MUTANTS

Greetings and Slackness, Frate y Sorte Yetisyn! Guided only by the one-love, one-faith of the all mighty Dobbs, the Sacred Scribe and myself have continued the noble and worthy task of updating the Other Mutants Resource list. Below is the second part of the extensive guide to your Brother and Sister SubGenii, as well as other freaks, visionaries, cults, and kooks. This time we focused on music type weirdness. Some loose guidelines of how to be included in this most sacred of lists: be a renegade SubGenius or disorganized Clench distributing your own SubGenius propaganda, tapes, pamphlets, 'zines, holy relics, stickers, etc., be a SubGenius or other Patriopsychoic Anarchomaterialist selling Church sanctioned merchandise, be a Subsymp (SubGenius sympathizer), and regularly advertising for the Church, or otherwise advancing "Bob's" directives. In otherwords "Ask not what "Bob" can do for you, ask what you can do for "Bob"-prescriptions 8:4. So, if you feel you are worthy of "Bob's" notice send us your info, with an example of your propaganda to: Other Mutants c/o The SubGenius Foundation 140306 Dallas, TX 75124.

THE 100 BEST FILMS TO RENT YOU'VE NEVER HEARD OF

(St. Martin's Press, ISBN 0-312-15042-3)

NEW BOOK FROM POPE DAVID N. MEYER

The Greatest of All The Old Time SubGenius Stage Preachers has wrought a must-have, essential guide: Hidden Treasures, Neglected Classics, and Hits from Bygone Eras. If you're like me, it's possible for you to spend an hour in a video store without locating anything you really WANT to see. THIS BOOK WILL END ALL THAT! The movies listed are not really particularly obscure or hard to locate, but rather OFT FORGOTTEN. You'll be glad to be reminded. Pope Meyer's analyses are fun to read, and his well-honed Sacred SubGenius Sarcasm shines through -- even though he's talking about things he LIKES, this time! It's a trade paperback... easily ordered by any bookstore if it ain't on their shelves.

Official Church Update from Jesus

Jesus Saved by FringeWare

Yea as it was written so shall it be. When thy giant metal demons are released to scavenge the earth and burn thy cattle and thy hog's heads and thy buildings, on that day shall Jesus walk the earth again. And his fate shall lieth in the hands of Dobbs' servants and a man full of Slack who brought forth the demons of destruction. And this man shall decide the future of the world's one true religion.

Yes, it is true, unbelievers. It is the anniversary of my arrival here in the holy land. When "Bob" hired me a year ago on April 1st, he said that I could only stay another year if I could double the amount of income to the Church. Maybe he thought it was impossible, maybe it was a test of my divinity, maybe he knew what the outcome would be all along. Anyway, up till the Survival Research Labs show in Austin, we were short. We sold at the Sacred Sales Table like it was the day before X-Day. But to no avail; the count was still short by \$200. The next day, as we returned to the scene to mourn among the destruction and robots, the savior's savior, Rev. Paco Xander Nathan, stepped forward and bought everything we had left for his Fringeware shop -- putting us \$200 OVER the mark! Songs will be sung for hundreds of years of this great moment. I owe that Communist Ninja much more than just my job, ultimately I owe him my life.

SubGenius New World Order Illuminati

Big News. The contracts are signed. Steve Jackson Games in partnership with the Church of the SubGenius have begun constructing the most frightening card game the humans will ever see. The SubGenius INWO game will not only be compatible with the INWO system but will also be a stand alone game. If you have no idea what I'm talking about, you can still buy it and play it. The release date has not been set, and we're still pounding out the game plan and art. You can look forward to seeing many of your favorite subsite, as well as old school, artists represented.

SubSITE

The mighty Web outreach is out of control, and today alone 4,500 individuals visited the site. We have secured our new home at www.subgenius.com. In fact Rev. ID just called and informed us that we are official and can now be reached at i.stang@subgenius.com, jesus@subgenius.com, and slack@subgenius.com. The old sunsite.unc.edu/subgenius will still work for now, but be sure to update your bookmarks before it's too late. Soon the connection will be faster and with any luck Conspiracy billboards will line the pages and our pockets. Praise "Bob", ShaHinDaLaMaKoyYa... I have the Gray hand. Jesus

"BOB" PINS!! - \$9

Looks expensive as hell! Just like the Masons have, only cooler. Let potential business/sex partners know which side you're on. This fancy 3 color enamel pin also doubles as a tie tack. Perfect for those important business meetings, golfing, short duration weddings, funerals, sacrifices, orgies or just watching TV. No SubGenius should be without one.

WE FINALLY LISTENED

NEW BUMPER STICKERS -\$3 or 5 for \$15

All your favorites: Give Me Slack, Quit Your Job for "Bob", Fuck 'Em if They Can't Take a Joke, Too Much is Always Better Than Not Enough, and an old favorite: July 5th, 1998. 7 AM. The only difference is we took them off the "magic fade in the rain" cheepo paper stock, and put them on an expensive, weather resistant, non biodegradable, plastic like, Bumper sticker paper. Unfortunately this defeats our planned obsolescence, but on the good side we can charge more for them!

Catalog \$1

Maybe you noticed we decided to give you more news and less Catalog this time around. We figure by now you should know everything we sell. **Shit**, by now you **SHOULD OWN** everything we sell. But just in case you don't, you can wrap up a dollar and request the complete catalog.

Donation \$10, \$25, \$100, etc.

Probably the best possible item you can order! Send us any sum of money and get **NOTHING**. The bobbie inside you fears to do it, but trust me, you'll never feel closer to "Bob" than when you send your entire month's paycheck to the SubGenius Foundation. You'll panic, you'll feel stupid, then a shimmering warm glow will wash over your glands as you realize that money can only buy fleeting things such as love, comfort and happiness. But Slack, ahh.. True Slack can not be bought or sold like some Conspiracy whore, it must be cultivated and savored like a fine ale, or a rich manure.
